If. as Lord Wolseley says, war is "a matter of meat and bread," the United States is the most formidable mation in the world.

Subscriptions to the new bond issue are piling into the Treasury Department and the indications are that the whole issue will be taken by private individuals.

Gen. Fitzhugh Lee has asked that the South Carolina Regiment, now at Chickamauga, be assigned to his command, and orders have been issued to that effect. This is certainly a high compliment to our boys.

Congress has appropriated \$150,000 for the continuation of the experiment of giving the people free delivery of mails in rural districts. The scheme is said to have worked well in those sections where it has been tried.

Whatever nation may be dickering with Spain for the Philippines should not overlook the important fact that until your Uncle Samuel is ready to sign the document nothing better than a quitclaim deed can be secured.

For the fiscal year ending June 30, 1897, the balance of trade in favor of the . United States was \$287,613,000. In ten months of the present fiscal year the balance is \$514,245,000.

These figures are remarkable and explain why gold has come over in so large a stream.

The Prohibition Executive Committee has formally withdrawn its ticket for State officers, which was recently "suggested" by their State Convention. The withdrawal is because of uncertainty whether such "suggested" ticket would be deemed "regular" by the State Democratic Committee, to which the Prohibitionists declare their "first allegiance."

The State campaign has now complane of morals than some witnessed in the recent past. There is no need to inaugurate a system of bitterness or to inject personalities into the discussions, and should it begin the people ought to stay away from the meetings. Only twice in history have the exports of agricultural products from the United States reached the value of \$700,000,000. For the fiscal year now about to end they exceed \$800. 000,000, and will probably reach \$835, 000,000. They exceed the exports of the record-breaking year 1892 by more than \$150,000,000. They exceed those of the year before by more than \$250, 000,000. All this is money dug out of the soil and poured into the laps of our farmers. At the same time our exports of manufactured products have increased in still greater proportion, while our imports, representing our purchases from other nations, have enormously fallen off.

State Federation of Women's Clubs.

Editors Intelligencer: On June 15th and 16th the first State Federation of Wismen's Clubs of South Carolina was held in Seneca, called together by the very bright and progressive Once-a Week Club. Mrs. M. W. Coleman is president of that organization, and Mrs. Adams secretary To these two ladies is due the honor of having instigated this Federation, and the brilliant success of its first

tion, and the brilliant success of its first meeting.

On Tuesday, June 14th, delegates from all over the State congregated in Seneca, and on that evening a delightful reception in the Keowee Hotel was tendered them by the Once-a-Week Club. On this occasion the elite of Seneca, and their visitors were on dress parade Quite a number of beautiful costumes graced the festivity.

On Wednesday morning the Council met in the Baptist Church. The Federation opened its session with prayer by Mrs. McSwayne, of Senecs.

Mrs. Waring, of Columbia, was called to the chair, and made permanent chairman of the Convention. Mrs. J. H. Adams was made secretary.

Mrs. Coleman, president of the Once-a-Week Club, made a very graceful address of welcome, to which Miss Poppenheim, of the Century Club, of Charleston, responded

We have had good rains and all of our crops are growing finely.

The threshermen are on their rounds now threshing the wheat and oats. They

report wheat fine, but oats are not so good. Spring oats are almost a failure, on account of the dry, hot weather.

Mr. James M. Richardson, who has been very strangely affected for several months, went to Atlanta, Ga., last week for treatment, his case having bailled the skill of all the doctors in this section. The doctors there said they thought they

could cure him. We notice our friend and former citizen, Prof. L. M. Mahaffey, of Hopewell, is announced as a candidate for County Superintendent of Education. If the Professor runs as well all over the County as he will here in his native township, (Fork,) he will come in by a big majori-

Little Fay Walker, daughter of Mr. and Mrs. H. C. Walker, is very low with typhoid fever. We hope, however, that under the skillful treatment of Dr. Hutchioson, she will soon recover.
Our old friend, Mr. Dock Elrod, is getting some better.

Well, there are always some good things with the bad. We have an abundant wheat crop. I mention a few of the fortunate ones in making such fine crops: Mr. Clarence Burress sowed one bushel of wheat and made twenty-four bushels. of wheat and made twenty-four bushels.
Mr. J. F. Wilson so wed three bushels and
made forty-three. Mr J. H. Lutchinson
so wed six bushels and made one hundred

fifty-eight bushels, and many others
made fine crops, so you see we are living

UNCLE SAM

Takes the Spanish Bull by the tail and slings him over the fence and clear out of the pen, exciting the wonder and admiration of the World.

Bleeding, starving Cuba cries for help. America, the strongest, richest and greatest country on earth, responds nobly to that call. From the four corners of the continent comes the cry from America's brave sons, "Here am I take me!" And the dastardly, cowardly, butchering Spaniard is requested and commanded to gather up his little kettle, his aggravating bundle, fold his tent and get out. And now, as the Spanish Bull does not move out with proper facility, Uncle Sam grabs him by the tail and slings him out. Of course, there is much bellowing and pawing up of earth, but the Spanish Bull

will never remember goring Uncle Sam again. But while we are sending thousands and thousands of our picked braves to the front, while Dewey floats the American flag over Phillipine islands; while Sampson is preparing to clean up the whole Spanish fleet now in the Atlantic; while the incorrigible Lee is making ready to sweep like a cyclone down upon Havana and give Blanco the chastising which he so justly deserves, we are also preparing to protect our home people to the fullest extent. We know there are Spanish spies, or American money-grabbers, or possibly other heartless persons lurking near, and watching for opportunity to snatch a few dollars and cents from whomsoever they may find unposted or not sufficiently watchful of their interests; but we are ready with ammunition in abundance. Our guns are loaded and trained on the enemy, and here's the kind of shot we shoot:

Yard-wide Domestic 3c and 34c yard, yard-wide Sea Island 34 and 4c yard, good Drills 3te yard, extra heavy Drills 5c yard. Another lot Ginghams 21c yard. Another lot Quilt Calico 10c pound. Good Cottonade Pants 29c pair, extra quality Overalls 35c and 44c pair. Mason's best Shoe Polish 5c bottle, a good yard-wide Bleach 4c, extra yard-wide Bleach 5c yard. If you wear Sox or Stockings in summer don't fail to see our latest run. We are shooting at competition with a 20c black or tan Sock at 7½c pair, a 10c one at 5c, a 5c one at 4c and 2½c pair. Are you going to paper your house? for Summer wear. Will sell you high quality canvassing at 3c yard, heavy checked Homespun 4c yard, best striped and check Shirting at 16 yards to the dollar. Have you been deterred from putting Shades in your new house on account of price? Do you allow your parlor or sitting-room to lack this very important article? If so, listen to these happy tidings: we can give you our leader, a well-known Shade, at 10c each. The Queen City, our former 45c goods, at 20c. The old No. 480 fifty cents Shade, with beautiful fringe, 25c; a 65c Shade at 28c; 75c Shades at 33c and the one dollar Shades at 40c. How long will they last, do you say? Well, now, that ain't the question. The picked over. Aluminum Hair Pins 5c dozen, Aluminum Thimbles two for 5c, Toilet Soap 1c to 5c cake, the Magic Cleaner, the big 20 ounce Bar Soap, 5c. Agate Iron Coffee Pots 23c to 28c, Agate Iron Dish Pans 25c to 35c. Oval Foot Bath Tubs 20c, Springling Pots 10c each, Milk Cups 5c, Tumblers 13c set, Goblets 25c set, Honey Dishes on stands 10c, Diamond Dyes, German Household Dyes 10c, Stick Blue two for 5c, Starch 4c lb, Celluloid Starch 5c and 10c package, Parafine Candles 1c each.

Remember, we are letting our Special Glass Sale prices remain on a great many Goods until closed out. Don't be too late. Chewing Gum, best made, five different flavors, twelve bars for 5c, two

packs, Ball Potash, 10 gallons soft soap, 4c. Three cheers for Cuba, America,
